Citizens of the New Knoxville School District:

We, the Seniors of 1955, wish to thank everyone who was in any way responsible for making this publication of the Memoir possible. With the cooperation and the financial assistance of the families and businessmen of New Knoxville, we have been able to publish our accomplishments of the past year. We also wish to thank the businessmen of surrounding communities for their additional support.

With this edition of the yearbook we have listed our educational facilities and activities. We hope this will be of benefit to you as it is and will continue to be to us.

With this publication we have recorded the happenings of the past year, and hope that you will enjoy these happenings as we have enjoyed them. We feel that through the publishing of the Memoir we have gained much valuable experience that will be of benefit to us as we go into our various paths of life.

CLASS HISTORY

We, the Senior Class of 1955, entered New Knoxville High School as green freshmen on September 4, 1951. Our class consisted of eight girls and eleven boys. During this year we gained a new member, Richard Shroyer, of Wapakoneta. High school life was more complex, but we quickly adjusted ourselves to this change. Sixteen of our members joined the chorus while seven were in the band. Our class was well represented in sports. Eight boys were in baseball and eight in basketball.

We returned to school in the fall of 1952 as Sophomores, with a class of eight girls and thirteen boys. Our new members, Dale Klopfenstein, moving to our district from Botkins and Don Reilly came from Lima Shawnee during the summer. We had thirteen members in chorus and seven in the band. We had five boys in baseball and seven boys in basketball. Also two girls were chosen cheerleaders during the basketball season. During this year two of our members, James King and Richard Shroyer, found interests elsewhere, while Ronald Kuck dropped back at the end of the year.

On September 2, 1953, we began our Junior year with seven girls and twelve boys, dropping Betty Parke during the summer when she moved to Peoria, Illinois. During this year we were all proud to receive our class rings. On October 23rd our class presented the play "Seventeenth Summer," which was a great success. On May 7th we presented the Junior-Senior Reception in honor of the Seniors. Our class remained well represented in chorus, band, and sports during this year. One of our classmates, Janice Eversman, dropped out in the spring of our Junior year.

We, the Senior Class of 1955, entered our last year of high school education as dignified seniors on September 7, 1954. During the year we lost one member, Dale Klopfenstein, which gave us a total of sixteen members left in our class. We again took part in many of the activities as we had done during the first three years in high school. On the first of April, the Seniors presented "All American Family," a three-act comedy, which was a great success. We were the honored guests of the Junior-Senior Reception, which was sponsored by the class of 1956. We will long remember and cherish the week of our graduation exercises.

CLASS PROPHECY

It is the year 1975. Just twenty years ago my class graduated from New Knoxville High School. I've never seen some of my classmates since we returned from our class trip to New York City. As I think about these old-time friends of mine, curiosity about their present-day life overwhelms me. So I am going to visit each of them. Would you like to come along in my private helicopter to take a peek into their lives?

First let's go back to good old New Knoxville. This little village has grown into a thriving city, due partially to the conveyor belt which passes through town. The designer and financier of the belt is Mr. Dean Hoge. Conveyor belts are only a side-line with him, however. His main business is designing barn-shaped auditoriums and skyscrapers. Mr. Donald Heidt, a famous name in the field of carpentry, is the head carpenter for all of Mr. Hoge's building projects.

South of town is a dairy farm covering 320 acres. It is a famous spot in Ohio, for here was developed a breed of cows which produces eighteen gallons of milk a day. The owner of the farm? Mr. Wayne Bambouer.

On another farm near New Knoxville live the famous ———————— quintuplets who are now seventeen years old. Their mother was the member of the class of '55 who was known as Marilee Settlage.

New Knoxville is also famous for being the home of the "World-walkers" basketball team. It is owned and coached by Mr. Lee Clausing.

New let's fly over the countryside to New York City. There, in New York City Hospital, a tense drama is taking place. Rows of white-faced nurses stand tensely outside of a door marked "surgery." It opens and the head nurse, Miss Ruth Warner, nods to the other nurses and says, "The operation was a success." Yes, Dr. Philip Skapura has performed another miraculous operation. In his private office, the Doctor relaxes with a cup of coffee supplied by his competent secretary Miss Wanda Bambauer. Without her assistance, the Doctor could never stand the strain of the endlessness of his work.

In another section of the city we find a huge building named "The Froning Institute of Art." The owner, Miss Joyce Froning, is famous, not only for her works of art, but also for her dress designs which are worn by all the up-to-date women in the world.

In the suburbs of the city is a huge airport crowded with people. They are waiting to witness the blast off of the first space ship to fly to the moon. The captain of the crew is a brave man we know well. Will Mr. Paul Ott ever survive to come back to the Earth?

After the space ship has disappeared, some of the people at the airport hurry to the Yankee Stadium. They are anxious to see the Yank's important outfielder and pinch-hitter, Mr. Don Reilly, as he plays in the last game of his career. Baseball critics are expecting him to take over the coaching job of the Yankees next year.

Next, let's go across the ocean to Europe. There we will meet one of the United States' representatives to our world government, Mr. John Hole. Mr. Hole is one of the most valuable members of this organization. Whenever the atmosphere in the assembly room becomes filled with tension and bitter feelings, he can always think of a joke which makes the other members laugh, thus relieving the tension.

On the way to Europe we meet another helicopter which circles ours as though to get our attention. Its driver must recognize us. Oh, of course! It is Miss Annett Aufderhaar. By communicating with her by means of our inter-helicopter phones, we learn that she is just returning from an extended tour of Asia and Europe. She will use the information she has gathered to write a book about world conditions. Back in the United States she is known as the dean of an Eastern university.

As we arrive in Europe, we head toward the famous Clausing observatory in Switzerland. It is owned and operated by Mr. Larry Clausing. His many new astronomical discoveries have made Mr. Clausing a member of the Society of Important Scientists and Astronomers of the World (the SISAW) which has only twenty-one members.

And now, let's go back to New York City. On the way we catch a glimpse of one of the new airjets which can cross the ocean in three hours. These airjets, which have completely revolutionized the field of aviation, are owned by Mr. Robert Deerhake.

We are now back in New York City. I must hurry away, for I have an important engagement. You may come along to Carnegie Hall if you wish, for there I am to give my first really important piano recital. My name? Miss Nancy Haberkamp.

1954 Fall Season

This past fall the New Knoxville Rangers enjoyed a very successful season, winning six games while losing only one. The loss of two graduating lettermen put the Rangers in a slight predicament, but the positions were soon filled. With a lot of practice, the Rangers steadily improved and gained much valuable experience, which will help them in the future.

1954-55 Varsity Season

The New Knoxville Rangers closed a successful basketball season, winning thirteen games and losing only six.

The Rangers won their first three games, and then lost their fourth game to a stubborn Ft. Recovery quintet. They then defeated Cridersville. Their second and third losses were against a fast Delphos team and a tall St. Henry quintet.

They then won seven out of their next eight games as New Bremen handed them their fourth loss. During this time they defeated a strong, fast Mendon team, and a highly regarded Waynesfield quintet.

They then lost their next two to a revengeful Cridersville team and a highly regarded Coldwater team.

The Rangers then defeated a determined Minster quintet in an overtime game and finished the season by defeating Buckland. This ended the regular varsity season.

League Season

The Rangers finished in a tie for second place in the Auglaize County League. They won their first league game by defeating Buckland. They then lost to New Bremen on the home court.

Next the Rangers defeated Minster and the League champions, Waynesfield, which put them in a three-way tie for first place. But they lost their last league game to a very aggressive Cridersville quintet and therefore finished in a second place tie.

COUNTY CHAMPS

County Tournament

The New Knoxville Rangers drew Minster in the opening rounds of the Auglaize County Tournament. The tall and more experienced Rangers defeated Minster by a 55-40 score although Minster stayed close to New Knoxville in the first half.

The Rangers then played Cridersville who had drawn a bye. Again the Rangers' height helped them and they defeated Cridersville by a 55-34 score.

The Rangers then met Waynesfield, the League Champion, in the championship game. The Rangers got off to a good start and at the end of the first quarter were leading 13-7. At half time they held only a two point margin. But by playing ball well, held their margin the second half and defeated Waynesfield by the score of 44 to 42.

Northwestern District Tournament

The New Knoxville Rangers drew Alger in the opening game of the Northwestern District Tournament. Alger was hot while the Rangers were cold and Alger led 37-11 at half time. Although the Rangers fought back desperately during the last half they were unable to gain enough and lost by a 59-40 score. That ended the season for the Varsity squad and the high school basketball career for five graduating Seniors.

Reserve Season

The New Knoxville Reserve Team finished their season with a record of eleven victories and eight defeats.

Four of their members dressed for the varsity squad. They lost only three out of their first thirteen games. Then when these members played only on the varsity they didn't seem to be able to find the right combination. But they finished the season with a good record, as most of the teams they played had larger boys.

Five of their boys were Freshmen, and with the experience they earned they should be able to develop into good varsity players by their Junior or Senior year.

During the 1954-55 school year, the New Knoxville Band consisted of seventy-three pieces.
